OMB Approval No. 0648-0489
Expires 4/30/2007

§ 648.82(l) (1) DAS Transfer Program. Except for vessels fishing under a Sector allocation, as specified in § 648.87, a vessel issued a valid limited access NE multispecies permit may transfer all of its NE multispecies DAS for an indefinite time to another vessel with a valid NE multispecies permit, in accordance with the conditions and restrictions described under this section. The Regional Administrator has final approval authority for all NE multispecies DAS transfer requests.

(1) DAS transfer conditions and restrictions. (i) The transferor vessel must transfer all of its DAS.

(ii) NE multispecies DAS may be transferred only to a vessel with a baseline main engine horsepower rating that is no greater than 20 percent of the baseline engine horsepower of the transferor vessel. NE multispecies DAS may be transferred only to a vessel with a baseline length overall or a baseline gross registered tonnage that is no greater than 10 percent of the baseline length overall or the baseline gross registered tonnage, respectively, of the transferor vessel. For the purposes of this program, the baseline horsepower, length overall, and gross registered tonnage specifications are those associated with the permit as of January 29, 2004.

(iii) The transferor vessel must forfeit all of its state and Federal fishing permits, and may not fish in any state or Federal commercial fishery.

(iv) NE multispecies Category A and Category B DAS, as defined under paragraphs (d)(1) and (2) of this section, will be reduced by 40 percent upon transfer.

(v) Category C DAS, as defined under paragraph (d)(3) of this section, will be reduced by 90 percent upon transfer.

(vi) NE multispecies DAS associated with a Confirmation of Permit History may not be transferred.

(vii) Transfer by vessels fishing under a Sector allocation. A vessel fishing under the restrictions and conditions of an approved Sector allocation as specified under § 648.87(b), may not transfer DAS to another vessel that is not participating in such Sector during the fishing year in which the vessel is a member of that Sector.

(2) Application to transfer DAS. Owners of the vessels applying to transfer and receive DAS must submit a completed application form obtained from the Regional Administrator. The application must be signed by both seller/transferor and buyer/transferee of the DAS, and submitted to the Regional Office at least 45 days before the date on which the applicant desires to have the DAS effective on the buying vessel. The Regional Administrator will notify the applicants of any deficiency in the application pursuant to this section. Applications may be submitted at any time during the fishing year, up until March 1.

(i) Application information requirements. An application to transfer NE multispecies DAS must contain the following information: Seller's/transferor's name, vessel name, permit number and official number or state registration number; buyer's/transferee's name, vessel name, permit number and official number or state registration number; total price paid for purchased DAS; signatures of seller and buyer; and date the form was completed. Information obtained from the transfer application will be held confidential, and will be used only in summarized form for management of the fishery. The application must be accompanied by verification, in writing, that the seller/transferor has requested cancellation of all state and Federal fishing permits from the appropriate agency or agencies.

(ii) Approval of transfer application. Unless an application to transfer NE multispecies DAS is denied according to paragraph (l)(2)(iii) of this section, the Regional Administrator shall issue confirmation of application approval to both seller/transferor and buyer/transferee within 45 days of receipt of an application.

(iii) Denial of transfer application. The Regional Administrator may reject an application to transfer NE multispecies DAS for the following reasons: The application is incomplete or submitted past the March 1 deadline; the seller/transferor or buyer/transferee does not possess a valid limited access NE multispecies permit; the seller's/transferor's or buyer's/transferee's DAS is sanctioned, pursuant to an enforcement proceeding; the seller's/transferor's or buyer's/transferee's vessel is prohibited from fishing; the seller's/transferor's or buyer's/transferee's limited access NE multispecies permit is sanctioned pursuant to enforcement proceedings; or the seller/transferor has a DAS baseline of zero. Upon denial of an application to transfer NE multispecies DAS, the Regional Administrator shall send a letter to the applicants describing the reason(s) for application rejection. The decision by the Regional Administrator is the final agency decision and there is no opportunity to appeal the Regional Administrator's decision.
